DETAILED ACTION

Amendment

1. Receipt is acknowledged of the amendment and terminal disclaimer filed 15 December 2006.

Terminal Disclaimer

2. The terminal disclaimer filed on 15 December 2006 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date has been reviewed and is accepted. The terminal disclaimer has been recorded.

Allowable Subject Matter

3. Claims 1-10, 12-14, and 22 are allowed.
4. The following is an examiner's statement of reasons for allowance:

The proper terminal disclaimer filed 15 December 2006 has overcome the double patenting rejection. In addition, the best prior art of record fails to specifically teach that a customer identifier is read from a customer loyalty card, and then further storing that customer identifier in an item-identifying RFID tag that is affixed to items and is searchable to determine if the items were paid for by the shopper.

Hence the best prior art of record fails to teach the invention as set forth in claims 1-10, 12-14, and 22 and the examiner can find no teaching of the specific RFID tag system, nor reasons within the cited prior art or on her own to combine the elements of these references other than the applicant's own reasoning to fully encompass the

current pending claims. In addition, see applicant's reasoning in amendment/response filed 15 December 2006.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
